# Brighten Up Accessories

Adding functionality and style to Australia's highest performing Skylight\*

## Select your style

Our Solatube® Decorative Fixtures enhance the look of any interior with options that range from practical to elegant to dazzling.

### OptiView®

Available in square or round. 160 DS & 290 DS

### JustFrost™

Available in square or round. 160 DS & 290 DS

### TierDrop™

160 DS & 290 DS

### Classic Vusion™

160 DS & 290 DS

### AuroraGlo™

Available in bronze or white 290 DS

## Control your light

### Light Add-on Kit

Works with any ordinary bulb for night-time use.

### Ventilation Add-on Kit

Combines with the Solatube® 160 DS to drive out humidity in a single elegant design.

## Flashings for All Roof Types

Fabricated as a single, seamless piece to ensure leak-proof performance, flashing kits are available for all roof types and pitches.

250 Corrugated

400 Corrugated

250 Concrete Tile

400 Tile for Concrete and Terracotta

250 Terracotta Tile

No pitch for over flashing

# Heavenly Intelligent

A Skylight to rival all others

### Overall Performance and Light Consistency

High performing during summer and when the sun is high in the sky. Performance is reduced from the extra layers of glazing, lowest performance in winter.

## Heavenly Intelligent Accessories

### Light Add-on Kit

Minimise the light fittings in your ceiling and locate them inside your skylight.

### Ventilation Add-on Kit

Unique to Solatube® this innovative two-in-one ceiling fixture extracts stale air, and minimises ceiling penetration for a more attractive look.

### Slimline Diffuser

Best suited for task-lighting a particular area.

# Econotube

Quality on a budget

### Overall performance and Light consistency

Budget constraints or purchased through hardware chains

Passive ventilation available:

250mm

400mm

Ventilation Add-on Kit

# Roof Ventilation

The Australian climate is variable – Summers have extended periods of high temperatures, and in some areas we see prolonged periods of continual wet weather. From these conditions it puts pressure on the home to cope with hot and damp extremes. The answer is to drive heat and moisture out of your home throughout the year, Solatube Solar star provides a cost effective solution.

## Drive out heat and moisture

### More airflow

Advanced solar panel technology generates maximum power through a large 320 diameter fan.

Solar Star Roof Mount 1200

Solar Star Roof Mount 1600

### Tailored roof tile

Seamless one piece flashing guarantees a leak-proof and durable product. Customised to your roof.

### High-performing

High-performance motor is reliable, long lasting and whisper quiet. Installed in under 1 hour by a Solatube Certified Installation consultant.

### Best warranty

5 Year. Brush-less motor (so it won't wear out). No Parts excluded.

## Residential Quantity Guidelines

Roof Zone size (m <sup>2</sup> )	Roof Pitch (up to 18°)	Roof Pitch (19-34°)
74	1 x 1200	1 x 1200
111.5	1 x 1200	1 x 1200
149	2 x 1200 or 1 x 1600	1 x 1600
186	1 x 1600	2 x 1600
223	2 x 1600	2 x 1600

\* 5 Years on motor 10 years on housing.

# Room Ventilation

The best way to ventilate bathrooms is to vent it through the roof cavity

- ✓ Venting out of the roof protects insulation from moisture saturation
- ✓ Fights mould and fungal decay
- ✓ Removes steam and vapour from wet areas
- ✓ Recommended for rooms where security prevents the use of windows
- ✓ Roof mounted for quiet operation
- ✓ Unique, non metal construction
- ✓ Removes Odours

## Motorised Roof Ventilation Options

### Single Cap Motor Ventilation

- Operates without the need for wind
- Rating 520 M3/hr
- Warranty: 2 year motor, 7 year flashing and vent cap

### Accessories

- Enviromax – Thermostat control switch. 4 roof vent options
- Double Cap@ 820m3/hr

# Whole House Fan

Comfort throughout your whole home for every season

- Cools your home efficiently in minutes during hot summer months
- Improves air quality removing odours all year round
- Extracts stale air in winter months
- Creates a healthier home
- Helps reduce air conditioning costs

Refresh your home this summer.

Do you want your home to have continuous fresh air recirculating around the whole house this summer? Look no further.

Solatube Whole House fan pulls cool, fresh outdoor air into living spaces through the windows, and pushes hot stale indoor air through your roof cavity and out the vents. It doesn't recirculate air (as with air-conditioning) it provides natural fresh air throughout the home.
